

February 19, 2009

To Whom It May Concern,

On this date, Davis Instruments Corp. (Davis) confirms that Metsys s.r.o. is our exclusive distributor representing our weather/meteorological products in the Czech Republic. This agreement enables Metsys s.r.o to sell all products and accessories in the weather product line made by Davis.

Davis pledges its full support in supplying Metsys s.r.o with all necessary product and technical assistance. It is also noted that Metsys s.r.o has the technical expertise and capabilities to maintain our product warranty, and has shown it to be a reliable and efficient source for post-sales service.

Please note that Davis will continue to conduct business in accordance with it's standard terms and conditions, and will support all products for a maximum of five years from date of sale.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Copeland". The signature is fluid and cursive.
